“I want to genuinely thank you for dining with us at Embers Grille, today. As the local owner and operator, I take a lot of pride in providing the highest quality food and over the top customer service to each and every guest!”

I use the freshest, highest quality and most flavorful beef available, which is certified Angus beef. This beef is made specifically for Embers’ Grille by our selected butcher, then charcoal grilled to perfection. However, making the best hamburger does not stop there. Our buns are baked and delivered daily. Our burgers are topped with crisp lettuce, vine-ripened tomatoes, crunchy sweet onions and dill pickle chips.

We at Embers Grille use secret homemade recipes for our chili, coleslaw, battered onion rings and famous peanut butter pie. I believe hand cut fries taste better than frozen fries, whether topped with malt vinegar, cajun seasoning, chili, cheese or just plain, they simply taste delicious!

I focus on the customer with every decision that I make at Embers Grille. My point is that these little things and attention to detail allow Embers Grille to outclass our competition. I know as one of our customers, you can taste the difference and I would like you to know that your business is truly appreciated. Furthermore, you now have a locally owned place that you can confidently recommend to your friends and family.”

Sincere Thanks,

Danny
